A screenshot of a Windows command prompt window. The title bar shows the file path: D:\SkyDrive\公开\课程Mainframe\workspace\cobol\cobols1\BuildOutput\... The window has a black background with white text. The text inside the window is as follows:

```
Enter a name or Q to quit:
cobols1
Thanks to cobols1 for succeeding!

Enter a name or Q to quit:
q
```

At the bottom left of the window, there is a status bar with the text: 微软拼音简捷 半 :
